

SAMAKSH SONI

Software Developer | Full-Stack · Web · IT Support

samakshsoni117@gmail.com · +91 7441174654 · [LinkedIn](#) · [Portfolio](#) · [GitHub](#) · Mandsaur, MP, India

PROFESSIONAL SUMMARY

Versatile software developer with hands-on experience building and deploying web applications across Django, React, Node.js, and Laravel. Skilled across front-end, back-end, database design, and third-party API integration, with proven delivery in internship and live client environments. Holds Google certifications in IT Support and Cybersecurity, supporting flexibility across developer, support, and operations roles.

TECHNICAL SKILLS

- **Languages:** HTML, CSS, JavaScript, TypeScript, Python, Java, C++, SQL
- **Frameworks:** React, Node.js, Django, Laravel, Spring
- **Databases:** PostgreSQL, MySQL
- **Platforms & Deployment:** Shopify, WordPress, Vercel, PythonAnywhere
- **Tools:** Git, GitHub, VS Code, Jira, Trello, Slack
- **Competencies:** REST API Integration, Responsive Design, Debugging, Database Management, Performance Optimization, Client Collaboration, IT & Technical Support

WORK EXPERIENCE

Web Developer Intern | Dixit Global Tech Solutions Pvt. Ltd.

Dec 2025 – Present

- Developed and deployed 4+ client web applications using PHP, Laravel, JavaScript, and MySQL, ensuring stable performance across production environments.
- Collaborated with 6+ clients and internal stakeholders to gather requirements, refine UI flows, and deliver customized digital solutions on schedule.
- Improved application performance by 15–25% through query optimization, code refactoring, and UI rendering enhancements.
- Resolved 30+ technical issues across front-end, database, and server layers, reducing downtime and improving user experience.

Web Developer & Operations Lead | Vasant Apparel

Jan 2024 – May 2025

- Managed and optimized a Shopify e-commerce platform with 120+ product listings, improving site navigation and reducing customer browsing friction.
- Integrated 3+ third-party APIs for payments, analytics, and automation, streamlining workflows and reducing manual operational effort.
- Provided ongoing technical support and responsive design enhancements, maintaining smooth store operations across mobile and desktop.

PROJECTS

CineBook — Movie Ticket Booking System — Django · MySQL · JavaScript

- Built a full-stack booking platform with authentication, seat selection, automated pricing, and an admin dashboard for managing shows and users.
- Deployed on PythonAnywhere for public access, demonstrating end-to-end development, database design, and production deployment.

Movie Search App — React · TMDB API

- Developed a dynamic single-page React app integrating the TMDB API to search movies, display details, and filter results in real time.
- Implemented state management and responsive UI components for smooth navigation and a seamless user experience.

Interactive Travel Planner — Node.js · JavaScript

- Created a full-stack application allowing users to plan itineraries, save locations, and view destinations on a map, with a Node.js back-end.

EDUCATION

Master of Computer Applications (MCA), Manipal University, Jaipur

Oct 2024 – Oct 2026 (Expected)

Bachelor of Business Management, Vikram University, Ujjain | 7.60 CGPA

Apr 2022 – Apr 2024

CERTIFICATIONS

Google IT Support Professional Certificate (Technical Support Fundamentals) · Google Cybersecurity Certificate (Foundations of Cybersecurity) · Fundamentals of Network Communication — University of Colorado System
